*about the  
gallery*

Very few entities in the Philippine art scene can lay claim to being a pioneer of some sort — in a way that most would agree really paved the way for homegrown artists to be recognized and held in high acclaim both locally and internationally.

Established in 1981 by Mrs. Araceli 'Chichi' Salas, a noted and well-respected art collector, Gallery Genesis became the entity that discovered and introduced new & very talented artists and helped them nurture and build their careers.

In keeping up with changes in technology and how people all over the world interact, Gallery Genesis opted to be more actively involved in the arts by shifting to digital platforms for greater public coverage of its arts-related activities. But now on its 42nd year, the gallery has once again reopen its doors at the 2/F Estancia Mall, Capitol Commons, Ortigas Center, Pasig City with its mission and vision continue to be the same — that is to promote culture and uplift local artists in the Philippine art scene.

# *about* **KULAY SA — TUBIG**

Watercolor is considered to be one of the most challenging mediums to master. Only a true master is able to manipulate the shape and the flow of paint with precision and discipline, knowing the balance between spontaneity and deliberation.

Now in its 36th year, Gallery Genesis once again hosts the most-awaited Kulay Sa Tubig National Watercolor Invitational Competition in the search for the Next Top 5 Philippine Watercolorists from competing artists coming from all over the country. By bringing artists together in the name of watercolor, the prestigious competition perseveres in championing the beloved medium. Artists are aspiring to hone their craft and push the envelope of visual art, while others are eager to witness the art and the fruits of each artist's potential. Those who have joined Kulay Sa Tubig have gained significant recognition as artists which led to the blossoming of their artistic careers. In Kulay sa Tubig, those who have truly mastered the art and proven themselves time and time again by winning thrice have earned their name in the "KST Hall of Fame."

There has been no shortage of talent in the Philippines. From hundreds of entries, Gallery Genesis carefully curates only the best to be exhibited in Kulay sa Tubig. Naturally, what emerges are different facets of what it is to be Filipino, as seen in these myriad depictions of pastoral landscapes, urban sprawls, cultural heritage, historical narratives, and deeply human stories. United in their passion for watercolor, its artists have also built a community of friendship, learning, and growth; a community where they are able to encourage and inspire each other.

This year, the 36th Kulay Sa Tubig will be held at the 2/F North Wing Bridgeway, Estancia Mall, Capitol Commons, Ortigas Center, Pasig City. The exhibit runs from September 20 to October 4, 2024. Come and witness the rise - the genesis of the next Top 5 Watercolorists in the Philippines.

## *About Hall of Fame*

Watercolor is considered to be one of the most challenging mediums to master. Water in itself is unpredictable. Just as a small creek merges into a raging river, water itself has no master. But for the few who can do so, they deserve the honor and recognition. They have learned the balance between spontaneity and deliberation, and that each stroke must have intention. They are able to manipulate the shape and the flow of paint with precision and discipline, and bring out its expressive qualities that provide glimpses into inner truths.

Those who have joined Kulay Sa Tubig National Watercolor Competition have gained significant recognition as artists which led to the blossoming of their artistic careers. In Kulay sa Tubig, those who have truly perfected the art and proven themselves time and time again by winning thrice have earned their name in the "KST Hall of Fame."

Here is the complete list of our Hall of Fame Winners over the span of 36 years. They are often referred to as the Best of the Best Hall of Famers.
